

National Central University

Faculty positions for Life Sciences

The Department of Life Sciences at National Central University is seeking candidates for tenure track faculty positions. The duty of these positions will include research and teaching in selected postgraduate as well as undergraduate subjects. Qualified candidates should hold a Ph.D. degree in life sciences-related fields and at least two years of postdoctoral training before 12/31/2020. Persons with an outstanding record of academic and scholarly accomplishment in all life science fields are encouraged to apply. However, candidates with expertise in Environmental Science, Biochemistry, and Molecular Cell Biology are preferred. The application is opened immediately and the deadline is **December 31, 2020**.
