

## **FACULTY POSITIONS IN DEPARTMENT OF CHEMISTRY AT NATIONAL CENTRAL UNIVERSITY (TAIWAN)**

The Department of Chemistry at National Central University invites applications for one tenure-track faculty position in all fields at all levels. For information about our Chemistry program, please refer to <http://www.chem.ncu.edu.tw/>. Successful candidates are expected to develop a strong and externally funded research program that involves training of graduate (M.S. and Ph.D.) and undergraduate students, while candidates for faculty positions are preferably capable of teaching chemistry courses at both undergraduate and graduate levels. The applicant must have a Ph.D. degree in Chemistry or Materials Science related fields. The applicant's curriculum vitae (CV) including publication list, teaching philosophy, research plan, and three letters of recommendation (the recommendation letter(s) from his/her Ph.D. thesis advisor(s) is required.) should be e-mailed to [ncu5901@ncu.edu.tw](mailto:ncu5901@ncu.edu.tw). The starting date is August 1, 2022 and the positions are open until filled. All applications should be received by **January 15, 2022**.
