

## **Non-tenure-track Teaching Faculty Positions in the Department of Chemistry, National Sun Yat-sen University, Taiwan**

The Department of Chemistry at National Sun Yat-sen University (NSYSU) is seeking to recruit several non-tenure-track, full-time teaching faculty positions starting from August 1, 2022. Rankings of senior or assistant professor are available, depending on experience and qualification of the applicants.

Outstanding candidates committed to excellence in teaching are encouraged to apply. Duties of this position primarily focus on **general chemistry** and other laboratory courses (e.g. general, organic, analytic/instrumental, physical, and inorganic chemistry laboratories for undergraduates), and to support the events/courses under all-time English-lecturing policy of NSYSU. Excellent English skills for teaching are required, and will be carefully evaluated during the recruiting process. International candidates who have no Taiwan citizenship are strongly encouraged to apply. Candidates with research specialty in all fields of **chemistry** are welcome. Responsibility includes a minimum teaching load of 9 credit hours for each semester, according to the University policy. Personal office space will be provided; the salary would be commensurate with the tenure track professors. Several public laboratories are available in our department if the recruited applicant requests.

In addition, mentorship and student recruiting activities (both domestic or international ones) for the department are anticipated. Neither administrative nor research duties are associated with this position, however, research grant application to the Ministry of Science and Technology is permitted for non-tenure-track faculty.

The National Sun Yat-sen University is an equal opportunity employer and the faculty of chemistry implements specific procedures aiming at increasing the proportion of women in the Faculty. The National Sun Yat-sen University also provides a low-cost dormitory on campus for new faculty.

### **Candidate qualifications:**

Ph.D. degree in chemistry. Post-doctoral experience for more than one year is preferred. Either native Chinese- or English-speaking candidates are welcome to apply, but **ONLY** candidates with English-lecturing capability will be accepted.

### **Essential documents for applicants:**

1. Cover letter
2. Curriculum vitae
3. A photocopy of Ph.D. diploma and dissertation.
4. A list of publications.
5. Brief statement of future teaching plans, including course outlines.
6. Certificate/documentation/materials of prior teaching experience is recommended.
7. Three recommendation letters. (One must be sent by Ph.D. supervisor for assistant professor applicants. All letters can be e-mailed or sealed by the referee in person, addressing the chair of the department.)

All qualified applicants will receive consideration for employment without regard to sex, race, ethnicity, protected veteran, or disability status.

Please send the application to Search Committee, Department of Chemistry, National Sun Yat-sen University no later than **March 15<sup>th</sup>, 2022**. The mailing address is “No.70 Lien-Hai Rd., Kaohsiung 804, Taiwan” or *via* e-mail: [jtlee@faculty.nsysu.edu.tw](mailto:jtlee@faculty.nsysu.edu.tw).
