Faculty Positions – Department of Chemistry, National Taiwan University

The Department of Chemistry at NTU commits itself to research excellence in all fields of chemistry. The Department invites applications for 1-2 full-time, open-rank faculty positions. Individuals working at all frontiers and in competitive research areas of chemistry will be considered. Organic chemists specializing in total synthesis and methodology development, and inorganic chemists specializing in organometallics or catalysis are highly encouraged to apply. Post-doctoral experience for more than one year is required.

Candidates should submit electronically a cover letter, detailed *curriculum vitae*, a list of publications, reprints of representative papers published in the last five years, a statement of teaching philosophy and preferences, a description of research plans, and a start-up budget including needs of facilities and instruments to Ms. Chia-Hui Chien at chiahui0@ntu.edu.tw by December 20, 2016. Candidates should also arrange for three letters of reference (including one from the Ph.D. thesis advisor) submitted on their behalf. In addition, please complete the questions in the link <http://goo.gl/forms/rmlswhq92h>.
